Consistent running of the cross country team aided them in achieving an outstanding season that was climaxed by capturing the State Championship title at Hartford. The squad was sparked by the championship running of Jim Hammill who placed first in all the meets and set a new state record (10:35.6) over a 2.2 mile course.

After losing their first meet to Wausau by six points, the team easily out-ran all opposition in their six dual and triangular meets, and went on to take the Mid-Eastern Conference Meet, the Sectional Meet, and divisional honors at the State Championship Meet. Under coach Terry Lynch, the squad gained experience and will be a strong contender next year.
