NEENAH, WISCONSIN 54956

Winning three invitational meets and the regional and finishing 12th at the state meet at Madison highlighted another successful year for the Rocket varsity runners. Junior Frank Swatscheno set a course record at the regional meeting with a time of 15:26, and finished 14th at state. Other Rocket finishers at state were Mark Kleman (37th), Pat Murphy (51st), Gary Vanevenhoven (62nd), Mark Firary (66th), Tom Martin (68th), and Bill Neer (77th).

Coach Tom Jensen, in summarizing the year, said: "In terms of desire and determination, this is unquestionably one of the best teams I have ever been associated with. These boys never let up. They began the season minus our first four runners from the 1976 team. They had a great tradition to uphold. With hard work and a super attitude, they added a new chapter of success to Neenah High School cross country."

Eat My Dust

The boys JV cross country team had an exciting season. It was highlighted by taking first place in the Hodag invitational, third place in the Shawano invitational, first place in the Grafton invitational, and by winning the conference JV championship.

The boys contributed a lot of time and effort to obtain their success. They practiced after school at Riverside Park every night and ran a total of 300 miles.

It is expected that a lot of sophomores will be competing for varsity berths in the 78-79 season.
